Important Note

Visa approval is determined solely by the embassy/consulate . Consulting firms have no influence over the decision.

Step Two – TRC Application Process (Post Tourist Visa Approval)

Once the Tourist Visa is approved, we begin the Temporary Residence Card (TRC) application process.

Process Overview:

We prepare all required documentation for submission to the Migration Department, including: Mediation Letter

After documentation is complete, we schedule your appointment.

On the appointment day, you must submit the files and complete biometric registration.

Following submission, the TRC is typically issued within 15–30 Working days.

If your Tourist Visa expires before the TRC is issued, you must return to India and wait for TRC approval.

Once approved, the TRC will be couriered to your address.

Next Steps: After receiving the TRC, you can travel to Lithuania and commence employment.

SPAIN DIGITAL NOMAD VISA

Complete Explanation & Client Information Guide

Prepared based on Immigration Spain – “Digital Nomads Visa Spain: Requirements to Work Remotely”

This guide explains the Spain Digital Nomad Visa using the information published on the Immigration Spain page supplied for this document. It is intended as a client-information and consultancy reference document. Requirements, fees, processing procedures and financial thresholds can change, so the current Spanish authority/consulate requirements should be checked before filing.

1. What is the Spain Digital Nomad Visa?

According to Immigration Spain, the Digital Nomad Visa is a residence route for non-EU citizens who move to Spain while working remotely for a company or clients abroad. The page describes it as a 3-year residence permit and explains that the route was introduced through Spain’s Startup Law to attract international talent and support entrepreneurship.

2. Who Can Apply?

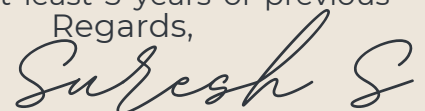

The source describes three broad profiles:

- Foreigners working remotely from Spain for a company outside Spain.
- Digital nomads/freelancers with online income and clients located internationally.
- People working for a foreign company located in Spain, including certain audiovisual-sector situations, as described by the source.

3. Main Eligibility Requirements

- The applicant must demonstrate that they are an international remote worker intending to settle in Spain.
- Income from Spanish sources must not represent more than 20% of total income.
- There must be a continuous employment relationship of at least 3 months with the company for which the applicant works remotely.
- The company must certify that remote working is permitted.
- The company or companies with which the applicant has a relationship must have operated in the market for at least 1 year.
- The source states that the applicant should have a contract with the company for at least 1 year.
- The applicant must demonstrate an appropriate academic or professional profile: either graduation from a prestigious university/business school or at least 3 years of previous work experience.
- The applicant must demonstrate sufficient financial means.
